

We are excited to announce the creation and opening of Norfolk Indoor Sports Turf in Norfolk, Virginia. Norfolk Indoor Sports Turf (NIST) is the only indoor sports turf facility in the City of Norfolk. We are sending our information and website to all athletic directors, coaches, trainers, and athletes in the 757.

Located in the heart of Ghent (Norfolk), NIST is 8,000 sq. feet of high-end athletic field turf - which is perfect for any sporting event, practice, or activity. With custom wall to wall netting, NIST can divide space, and has the ability to provide 4 batting cages for baseball or softball.

Norfolk Indoor Sports Turf was created out necessity. On days with extreme cold, heat, rain, and lightning, NIST now provides an indoor option for area coaches and trainers to use during those events. We realize as an athletic director and coach, gymnasium space is at a premium most days after school, especially on days with inclement weather. We see our facility as an option for your school, teams, and coaches to use in the future.

We have structured hourly packages that allow you as the athletic director to purchase group hours and reserve our facility with a click of a button from your desk for any of your sports teams. For any team who may need an indoor, covered space, with a million-dollar sports surface, NIST is the best, centrally located option in the 757.

Below clearly outlines the hourly packages, and how to utilize those hours in the future. We would love to partner with you and your school to provide an additional state of the art facility for your athletes. NIST is also happy to provide you with creative fundraising ideas should you be looking for assistance with funding for any particular team's use.

We look forward to partnering with you!
